

PARTNER WITH DPOM COMMUNICATIONS

Technology that cares. Impact that lasts.

WHAT IS DPOM COMMUNICATIONS?

DPOM Communications is a customizable software platform designed to support seniors, veterans, and individuals with disabilities, especially those living alone or facing isolation. Built with empathy and powered by automation, our system delivers daily check-ins, medication reminders, and care circle alerts that feel personal, even when they're AI-driven.

Now, we're inviting mission-aligned organizations to bring this life-changing technology to their own communities.

Who We Partner With

We license and white label our platform to:

- **Nonprofits** serving isolated or vulnerable populations
- **Medical practices** offering remote wellness support
- **HR departments** building compassionate employee wellness programs
- **Faith-based and community organizations** extending care beyond walls
- **Government and veteran services** seeking scalable outreach tools

Why Our Technology Stands Out

- **AI-enhanced automation** that feels human
- **Secure cloud infrastructure** built on AWS
- **Voice, text, and email integration** via trusted APIs
- **Customizable UI/UX** for your audience's needs
- **Scalable and affordable**—no need to build from scratch
- **Real-time alerts and care circle coordination**
- **Personalized audio messaging** for warmth and familiarity

What Partners Say

“We didn’t just adopt a tool—we extended our mission.” — Community Health Director, NPO Partner

“It’s like giving our clients a daily hug through technology.” — HR Wellness Coordinator

Pricing & Licensing

We offer flexible packages designed to fit your budget and scale:

- **White-label options** with your branding
- **Tiered support plans** from basic to premium
- **Pay-as-you-go developer access**
- **Discounts for nonprofits and community programs**

Built to Give Back

Every license helps fund our nonprofit outreach to those who need it most. When you partner with DPOM Communications, you’re not just adopting technology, you’re joining a movement of care, dignity, and daily peace of mind.
